

“ I use Sumdog to test my students’ understanding of a skill and reinforce it.”

Example: Sumdog in my lesson plans.

(This is just one teaching example – it works with other state standards!)

Check what they know:

I selected 20 questions for what I was about to teach. As you can see from the results, there were questions which the class answered incorrectly so I adjusted the lesson plans to focus on them.

Student	Score	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
6		Perimeter? 																			
		4 square units	4 units	8 units	8 square units																
15	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X
14	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X	X

Results of pre-assessment

See their improvements:

After completing the lessons I repeated the assessment to see their progress. The results showed me that though there are some students who require more practice, there were improvements.

Student	Score	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20

Results of post-assessment

Consolidate learning:

I set a Sumdog Challenge to answer 40 correct answers on the skill. This let me move onto the next stages while giving them the chance to continue practicing what they had just learned.

Andy's rectangular blanket is 3 m wide and 5 m long. What is its perimeter?

8 m	15 m	16 m	16 m ²
-----	------	------	-------------------

Challenge: answer 40 correct answers
